[Doc.No. AMS-LPS-13-0088]

National Research, Promotion, and Consumer Information Programs; Request for Extension and Revision of a Currently Approved Information Collection and To Merge the Collections of Softwood Lumber and National Processed Raspberry Promotion, Research, and Information Programs

AGENCY: Agricultural Marketing Service, USDA

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this document announces the Agricultural Marketing Service's (AMS) intention to request approval from the Office of Management and Budget (OMB), for an extension of and revision to the currently approved information collection of the National Research, Promotion, and Consumer Information Programs; and request approval to merge two previously approved information collection packages, Softwood Lumber Research, Promotion, Consumer Education and Industry Information Order (Order) and National Processed Raspberry Promotion, Research, and Information Program into the National Research, Promotion, and Consumer Information Programs to form a single information collection. This Notice announces AMS' intention to merge the following collections: 0581-0264 "Softwood Lumber Research, Promotion, Consumer Education and Industry Information Order" and 0581-0258 "National Processed Raspberry Promotion, Research, and Information Program" into 0581-0093 "National Research, Promotion, and Consumer Information Program." This action will keep all research and promotion collections under one generic collection since similar forms are used to collect information and to prevent duplication of burden.

DATES: Comments must be received by [INSERT DATE 60 DAYS AFTER THE DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Title: National Research, Promotion, and Consumer Information Programs.

OMB Number: 0581-0093

Expiration Date of Approval: May 31, 2014.

Type of Request: Extension and Revision of a currently approved information collection.

Abstract: National research and promotion programs are designed to strengthen the position of a commodity in the marketplace, maintain and expand existing domestic and foreign markets, and develop new uses and markets for specified agricultural commodities. AMS has the responsibility for implementing and overseeing programs for a variety of commodities including beef, blueberries, cotton, dairy, eggs, fluid milk, Hass avocados, honey, lamb, mangos, mushrooms, peanuts, popcorn, pork, potatoes, processed raspberries, softwood lumber, sorghum, soybeans, and watermelons. The enabling legislation includes the Beef Promotion and Research Act of 1985 [7 U.S.C. 2901-2911]; the Cotton Research and Promotion Act of 1966 [7 U.S.C. 2101-2118]; the Dairy Production Stabilization Act of 1983 [7 U.S.C. 4501-4514]; the Fluid Milk Promotion Act of 1990 [7 U.S.C. 6401-6417]; the Egg Research and Consumer Information Act [7 U.S.C. 2701-2718]; the Hass Avocado Promotion, Research, and Information Act [7 U.S.C. 7801-7813]; the Mushroom Promotion, Research, and Consumer Information Act of 1990 [7 U.S.C. 6101-6112]; the Popcorn Promotion, Research, and Consumer Information Act [7 U.S.C. 7481-7491]; the Pork Promotion, Research, and Consumer Information Act of 1985 [7 U.S.C. 4801-4819]; the Potato Research and Promotion Act [7 U.S.C. 2611-2627]; the Soybean Promotion, Research, and Consumer Information Act [7 U.S.C. 6301-6311]; the Watermelon Research and Promotion Act [7 U.S.C. 4901-4916]; and the Commodity Promotion, Research, and Information Act of 1996 [7 U.S.C. 7411-7425] (which governs the blueberry, honey, lamb, mango, peanut, processed raspberry, softwood lumber, and sorghum programs). These programs appear in the Code of Federal Regulations 7 CFR, parts 1150 and 1160, and parts 1205 through 1260.

These programs carry out projects relating to research, consumer information, advertising, sales, promotion, producer information, market development, and product research to assist, improve, or promote the marketing, distribution, and utilization of their respective commodities. Approval of the programs is required through referendum of affected parties. The programs are administered by the industry boards composed of producer, handler, processor, manufacturers, and in some cases, importer and public members appointed by the Secretary of Agriculture. Program funding is generated through assessments on designated industry segments.

The Secretary also approves the board's budgets, plans, and projects. These responsibilities have been delegated to AMS. The applicable commodity program areas within AMS have direct oversight of the respective programs.

The information collection requirements in this request are essential to carry out the intents of the various Acts authorizing such programs, thereby providing a means of administering the programs. The objective in carrying out this responsibility includes assuring the following: (1) Funds are collected and properly accounted for; (2) expenditures of all funds are for the purposes authorized by the enabling legislation; and, (3) the board's administration of programs conforms to USDA policy. The forms covered under this collection require the minimum information necessary to effectively carry out the requirements of the respective orders, and their use is necessary to fulfill the intents of the Acts as expressed in orders. The information collected is used only by authorized employees of the various boards and authorized employees of USDA.

The various boards utilize a variety of forms including: reports concerning status information such as handler and importer reports; transaction reports; exemption from assessment forms and reimbursement forms; forms and information concerning board nominations and selection and acceptance statements; certification of industry organizations; and recordkeeping requirements. The forms and information covered under this information collection require minimum information necessary to effectively carry out the requirements of the programs and their use is necessary to fulfill the intent of the applicable authority.

As part of this renewal collection for the National Research, Promotion, and Consumer Information Programs (0581-0093), AMS is merging the "Softwood Lumber Research, Promotion, Consumer Education and Industry Information Order (0581-0264)," and the "National Processed Raspberry Promotion, Research, and Information Program (0581-0258)" and including the information collection requirements currently approved into one collection (0581-0093). Upon approval of this revision to 0581-0093, AMS will submit a Discontinuation Request for 0581-0264 and 0581-0258 to retire these collections. This action will keep all research and promotion collections under one generic collection since similar forms are used to collect information and to prevent duplication of burden.

AMS is committed to comply with the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.
